

## Raw Vegan Coconut & Beetroot Balls

*You'll need:* food processor

*Preparation time:* 20 minutes

*Makes* 14

### Ingredients:

1/2 cup finely shredded coconut

1/2 cup sprouted, dehydrated buckwheat

Place coconut, buckwheat into a food processor fitted with the S blade and process into a fine flour.

1 medium beetroot ( peeled )

1 cup dates ( soaked )

seeds of 1/2 vanilla bean

Add remaining ingredients and process until well combined. Wet your hands a little bit and roll spoonful of the dough into little balls.

1/4 cup finely shredded coconut to roll

Roll with topping of your choice. Place them on a sheet of baking paper. For the best result, let sit them in the fridge overnight to firm. Transfer to an airtight container and store in the fridge.

Enjoy!
